Comments (Ed Lucie)

1st Selection

Chick's Tune excellent choice nice blend in melody with gtr, flute and trb bass could be louder-she's working too hard

3d Selection

Opus Four the best of the bunch strong playing all around the bass needs to be louder

2nd Selection

Afro-Centric the 'open feel' in the rhythm section during solos is tricky, if the players heard it more they would get it. bass needs to be louder during her solo

General Comments

great job so good to see them enjoying the music and each other
